

Special Health, Community, and Well-Being Resources for People Living with HIV/AIDS

All California Counties:

The California AIDS Clearinghouse keeps a county-by-county list of resources available in each county. Click on the map of your county at:

<http://www.hivinfo.org/links/lhj.htm>

Northern California:

The San Francisco AIDS Foundation operates the AIDS Hotline.org which lists resources throughout California by type of service sought:

www.aidshotline.org

Central California

The San Joaquin Valley Health Consortium publishes a directory of HIV/AIDS resources for the valley counties. The latest directory is 2000/2001 and is available in English and Spanish:

In English:

http://www.sjvhc.net/downloads/publications/pdf/aetc/AIDS_PDF/HIV_English.pdf

And in Spanish:

http://www.sjvhc.net/downloads/publications/pdf/aetc/AIDS_PDF/HIV_Espanol.pdf

More up-to-date information may be found at the AIDS Hotline.org Web site listed above.

Southern California:

For services in Los Angeles County, the best, up-to-date resource is HIV L.A. HIV L.A. is available and searchable in English and Spanish on the Internet at:

<http://www.hivla.org>

Paper copies of HIV L.A. are also available. The list of distribution hubs for paper copies is also on the Web site.

San Diego County:

Family Health Centers of San Diego

Primary health care, outreach, individual & group education, intensive prevention case management. HIV counseling and testing are available at all clinic sites. **HIV specialty medical and dental care, counseling services**, HIV case management and return to work assistance are offered at various clinic

sites as described on the Web site.
