* The federal government sets the poverty levels every year. The 2023 FPL limits are effective January 1 for the MAGI Medi-Cal programs and April 1 for the non-MAGI Medi-Cal Aged, Blind & Disabled and the Working Disabled Program. For Covered California, the 2023 FPLs are effective at the beginning of the upcoming open enrollment period; therefore, the FPL limits in effect through October 31, 2023 for Covered California programs and credits are the 2022 income limits used during the most recent open enrollment period that began November 1, 2022. See 10 C.C.R. § 6410. Before open enrollment begins again in November 2023, Covered California will release new limits here: <https://www.coveredca.com/support/financial-help/federal-poverty-level/>.

** Pregnant people or adult & child: \$750/mo. If 2 adults, Maintenance Need Level is \$934/mo or \$11,208/year.

^ Consumers at 400% FPL or higher may receive a federal premium tax credit to lower their premium to a maximum of 8.5% of their income based on the second-lowest-cost Silver plan in their area.

Notes:

- **Monthly and Annual FPL Levels are rounded up to the next highest dollar.** For example, 1.2 rounds up to 2.
- **Monthly income** is 4.33 times weekly income.
- For **Medicare Savings Program (MSP) applicants or recipients** who receive Title II RSDI income, the effective date for the new FPLs is March 1, 2023.
- The **5% income disregard** has been applied to MAGI income levels where it applies.
- **For families with more than 6 members:** add \$428.33/month or \$5,140/year to the 100% FPL amount for each additional person and then round up.
- Starting May 1, 2021, the American Rescue Plan expanded Covered California premium assistance and limited a consumer's required contribution to 8.5% of household income (effectively eliminating the 400% FPL "cliff"). However, before ARPA and beginning January 1, 2020, Covered California provided state-funded premium assistance for those between 400 - 600% FPL.
