MENTAL HEALTH AWARENESS FOR OLDER ADULTS

RECOGNIZING THE IMPORTANCE OF MENTAL HEALTH FOR OLDER ADULTS IS **CRITICAL**. LET'S COME TOGETHER TO PROMOTE MENTAL WELL-BEING, CHALLENGE STIGMA, AND **STRENGTHEN THE AWARENESS** AROUND OLDER ADULTS AND MENTAL HEALTH.

HERE ARE SOME **SIMPLE WAYS TO CREATE AWARENESS** ABOUT OLDER ADULT MENTAL HEALTH:

Attend Educational Webinars like the ASA's Give an Hour series on the intersectionality of mental health and aging.

Watch the ASA's new webcast series Beyond Generations focusing on promoting mental health equity.

Read the latest Generations Journal on Mental Health, Aging, and Resilience

In California

21%

Only **21%** of older adults (65+) report **accessing** mental health services*

Nearly **14%** of older adults (50+) **experience** mental illness and **3%** suffer **serious** mental illness*
